Joshua please
Pick up the phone
Answer me
I know you're home
I'm bearing my soul
On your machine
(Machine)
Don't you know
How hard it's been
(It's been)

Are you alone now
Or are you with her
I've lost control
Everything is a blur
And I'm sorry
That you couldn't see
All the miles
From you to me
Joshua
You're killing me
Darling please
Don't set me free

Joshua please
Pick up the phone
Please pretend
That you're alone
You used to say
I was the one
(The one)
My whole life
Has come undone
(Undone)

What can I do
So you'll get
Rid of her
I'm so confused
Everything is a blurr
And I'm sorry
That you couldn't see

All the miles
From you to me
Joshua
You're killing me
Darling please
Don't set me free

She can't love you
Like I do
(I do)
My love is not
Enough for you
(For you)

Joshua please
Pick up the phone
Joshua please pick up
Are you alone now
Or are you with her
I've lost control
Everything is a blurr
And I'm sorry
That you couldnt see
All the miles
From you to me
Joshua
You're killing me
Darling please
Don't set me free

Are you alone now
Or are you with her
I've lost control
Everything is a blurr
And I'm sorry
That you couldn't see
All the miles
From you to me
Joshua
You're killing me
Darling please
Don't set me free

Are you alone now
Are you, are you
Are you alone now
Darling please
Don't set me free
