I was living on a lie
Never thought that I would die
In the halls of sadness
I face the troops of madness
Hear the Reaper's distant cry

Seeing through the eyes of doom
Faint light's shining in the gloom
Cobweb blinds my eyes
And evil powers rise
So far away
I've lost my way

Chorus:
I was born to kill the master
Of darkness and disaster
They say I am the
Chosen one for this quest
Everybody thought that I was
A hero true to my cause
But I can promise you
These monsters never rest

My noble blood is dripping
In my footmark
The air it chokes me and it's
Getting so dark
Weird laughter echoes
Again and again and again...

Adrenaline is flowing faster
Prepare my whip for the scytheing master
Now I'm feeling stronger
Evil shall no longer
Haunt this place and cause disaster

Spirits floating in the air
Deep into my soul they stare
Whisper in my ear
The end it is so near
They're wrong indeed

I'll make him bleed

Chorus:

I was born to kill the master
Of darkness and disaster
And now I must prepare
Myself for the fight
Everybody thought that I was
A hero true to my cause
And now it feels like I must
Show them all they're right

My noble blood is rushing
Through my veins
As I'm walking to the
Room where Death reigns
Weird laughter echoes
Again and again and again...
