You don't hear me so I holler
You don't see me as I stand before you
You don't touch me when I'm lying naked
But I won't forget you 'cuz I've carved your name

Into my heart and into my skin
But you won't let me in
Into my head the words that you said
But you won't let me in
But you won't let me in

You're not my leader so why do I chase you
I don't need your approval so why do I face you
I keep on hurting but I can't erase you
And I dial your number again and again

'Cuz you're into my heart and under my skin
But you won't let me in
Into your head where I have been dead
But you won't let me in

Into your heart and under your skin
But you won't let me in
You're into my heart and under my skin
But you won't let me in

Into your heart and under your skin
But you won't let me in

If you're not near me, I am hollow
You don't hear me as I scream before you
You don't touch me, I am broken
But I can't forget you, your name's engraved

Into my heart and under my skin
But you won't let me in
Into your heart and under your skin
But you won't let me in

Into my heart and under my skin
But you won't let me in

Into my heart and under my skin
But you won't let me in
Into my heart and under my skin
But you won't let me in

Into my heart and under my skin
But you won't let me in

Into my heart and under my skin
