You give it up as I give you all
You let me down when I'm off the wall
In another way, we may ride on

Try again with another man
Don't pretend I'm the one to blame
Blow out the flame
Let it shine on

And every day you ask
All the time you want me to be your master, babe
and fulfill your desires
Stand your states of mind
Smile to all your fancy whims
Hoping nothing from you, my little tenderness

Sex and Sun!
Smoke and Honey!
That's where I long to be
(repeat)

Still believe in the same old song
Did it again one more wrong
Just hit the road, come back no more

Closing eyes till you're really gone
Speed it up, just keep moving on
Leave my mind, now bitchy, back off!

Keeping away from you
Rejecting the stuff you get into
And hundreds of times throw great balls of fire
Hope you'll feel lonely too
Live hard times as I pass through
Get what you deserve and watch your steps from
now....

Sex and Sun!
Smoke and Honey!
That's where I long to be
(repeat)
