The night is filled with love  
Everything is far away  
I'm trying to imagine you are mine  
I must've found a million ways of fantasizing  
I look up to an empty ceiling  
But only memories are falling  
Tangled in your sound of breathing  
Like it was my life

And in my mind I hear your voice...

\*CHORUS:

Say that everything we feel is all for something  
Say I'm everything you're dreaming when you're  
dreamin'  
Say that you won't let me go  
Then tell me something  
'Cause my heart says that you want me and you love  
me

I'm hiding 'cause it's safe that's the way it's going  
these days  
And maybe I'm too fragile to laugh  
It's always like I'm reaching the end or just pretending

While in my mind I hear your voice...  
(Repeat Chorus)

You're the reason I've been suffering  
You're the reason for my trusting  
There is nothing that can stop me  
When I'm reaching for you now

Say that stars can never blind us from these feelings  
Say that nothing can be less than what were seeing  
Say I'm always in your soul don't keep me guessing  
'Cause my heart says that you want me  
I know you love me
