Far away, a sun that's never shone
Here i am, another night alone
If only dreams had wings
Then you would fly to me
And finally bring me home

[Chorus:]

Come one day, i'll await
To find my life has turned a page
Oh come one day, soon i pray
Two hearts will be forever changed
I believe this heart inside of me
Will somehow see the light
Oh/And come one day, i will see
The dream i dream in your eyes

So i wait, as time keeps moving on
Tears may fall, but maybe not for long
If only you were here
These clouds would disappear

[Chorus:]

Come one day, i'll await
To find my life has turned a page
Oh come one day, soon i pray
Two hearts will be forever changed
I believe this heart inside of me
Will somehow see the light
Oh/And come one day, i will see
The dream i dream in your eyes

Fate, it's written in the stars
What's meant to be will be sent to me
In my heart i believe in destiny and love
It will be here on it's
And just the way i imagined it
I'll know when you'll be mine

I believe this heart inside of me
Will somehow see the light
Oh come one day, i will see

The dream i dream in your eyes
