I know with you every single night is crazy
I want to keep you and I forever
I need to know when you hear me askin'
Baby I want it all you and me together

The way we fall in the groove
It must be something you're doin'
It's automatic too

I'm sure you're the one thing I need
You're the air that I breathe
Oh, I never felt so strong I'm sure
I'll never let you go this time
I just can't be wrong oh - I love you

Now you appear perfect in the atmosphere
I feel revorn you make me feel so beautiful
Life is so sweet all these dreams
Have found me baby
I know for sure that I could never doubt you

The way we fall in the groove
It must be something you're doin'
It's automatic too

I'm sure that you're the one for me
I'm sure that you're the one I need
I'm sure you're all my dreams come true
I'm sure that I should be with you
