The future is you are gonna be with me
In the past we could never be
I need your touch all I have been searching for
I know your thoughts and what you want more

Something's happening to me
Something's happening to me
Something's happening to me...

All I wanna be in your arms
Cause I wanna read your palm tonight
All I wanna be is your charm
Cause I wanna find the answers alright

Something's happening to me
Something's happening to me
Something's happening I'm a palm reader can't you
see

Something's happening to me
Something's happening to me
Something's happening I'm a palm reader can't you
see

You're not alone slip into my fantasy
You better watch everything you do
You're my world cause I found my way to you
It was my fate it was written too

Something's happening to me
Something's happening to me
Something's happening to me...

All I wanna be in your arms
Cause I wanna read your palm tonight
All I wanna be is your charm
Cause I wanna find the answers alright

Something's happening to me
Something's happening to me
Something's happening I'm a palm reader can't you
see

Something's happening to me
Something's happening to me
Something's happening I'm a palm reader can't you
see

Say what I'm gonna do
Say what is really true
Say what i'm gonna do going down for it baby

All I wanna be in your arms
Cause I wanna read your palm tonight
All I wanna be is your charm
Cause I wanna find the answers alright

All I wanna be in your arms
Cause I wanna read your palm tonight
All I wanna be is your charm
Cause I wanna find the answers alright

Something's happening to me
Something's happening to me
Something's happening I'm a palm reader can't you
see

Something's happening to me
Something's happening to me
Something's happening I'm a palm reader can't you
see

Something's happening to me
Something's happening to me
Something's happening I'm a palm reader can't you
see
