It isn't hard to notice
The love we always cherished
Begins to fade away
You just cant hidethe truth
I just dont understand it
For all the time we planned it
It seems that we are lost
For now goodbye is here

[Refrain]
'til that day
That again you'll be
Here with me
I'll always keep on loving you
So here me say though my heart is hurt
I wont regret to always stay
In love with this way

It would be hard to see you go
I just cant help but cry,
You know because
I know inside my heart i would be missing you
If ever you would love again
I promise that i'd understand
But if by chance you thought
Of comin' back
Just tell me me when

[Refrain]
'til that day
That again you'll be
Here with me
I'll always keep on loving you
So here me say though my heart is hurt
I wont regret to always stay
In love with this way

I will wait for you
That what i'do
Cause my heart
Belongs to only you

[Refrain]
'til that day
That again you'll be
Here with me
I'll always keep on loving you
So here me say though my heart is hurt
I wont regret to always stay
In love with this way
