In the world of harmony  
Every people can be free  
To achieve the dreams  
And live the life so gladly  
Like a pair of symphony  
Different dreams and distance pits  
But the sounds can make  
Fulfill one melody

[Refrain:]

Someday the sun will come out shining  
Shinning or not the light is bringing  
Turning the way so clear for every one to see

[Chorus:]

We are one people  
We have the power to change the world  
We have and make it  
Such a better place to live in  
We are on people let's soar up  
Together to reach  
Just come and go  
We are to learn just how to move in unity

Different times have being strive  
There's a moment to unite  
Cause in every heart  
Who find the love inside?  
There is room that still divides  
Or abilities in mind  
All the selfish dreams  
Let's put them on the side

[Refrain:]

Someday the sun will come out shining  
Shinning or not the light is bringing  
Turning the way so clear for every one to see

[Chorus:]

We are one people  
We have the power to change the world  
We have and make it

Such a better place to live in  
We are on people let's soar up  
Together to reach  
Just come and go  
We are to learn just how to move in unity

[Bridge:]  
Tomorrow can be  
So bright if we see  
Deep within our hearts  
We aim a perfect  
To all for you and me

[Chorus:]  
We are one people  
We have the power to change the world  
We have and make it  
Such a better place to live in  
We are on people let's soar up  
Together to reach  
Just come and go  
We are to learn just how to move in unity

We are trained just  
How to move in unity
