I never gonna let you go  
You can see it in my eyes  
I know, you gotta leave  
I think of you all the time  
Can you be in my fantasy?  
We're alone 'cause no ones around  
I know that this is it  
We got that special bond  
I feel the love everywhere

You are my obsession now  
Burning in my heart somehow  
You are my fire painted with desire  
You are my obsession now  
Burning in my heart somehow  
Everywhere I go, I hold you in my heart  
I know my obsession

I wish that you would say  
I want you here all the time  
But I know that you love me  
I feel it in my mind  
Look around there's no one else  
Than I fancy as much as you  
You know that this is it you  
Think of me too you feel the love everywhere

There's no one else that's here for you  
And me in the future I can see  
We're meant to be you know  
I will always sacrifice I love to look in your eyes
