How can I say thank you
For what you've done to me?
You've made me feel so beautiful
Showed me all the love can be

Others let me down
Others broke my heart
You held my hand and led me from the dark

Chorus:
Baby you kissed away my tears
You melted all my tears
You took things slow
You were my friend
Till I could love again

Honey... you...
Made the world alright
Do you know you saved my life
Love only will grow stronger through the years
Now you kissed away my tears

Oh... oh...

You rock me like a baby
Hold me in your big strong arms
The world can never get to us
Here, there's shelter from the storm
Tell me what to do
To show me what you've done

What makes me feel so sure
I've found the one

Chorus:
Baby you kissed away my tears
You melted all my tears
You took things slow
You were my friend
Till I could love again

Honey... you...
Made the world alright
Do you know you saved my life
Love only will grow stronger through the years
Now you kissed away my tears

Bridge:

You showed a broken heart the way to heal
And I'm so grateful for the way I feel

You kissed away my tears
You melted all my tears
You took things slow
You were my friend
Till I could love again

Honey... you...
Made the world alright
You... you know you saved my life

Love only will grow stronger through the years
(Stronger through the years)
Love only will grow stronger... through the years...
Now you kissed away my tears
