Here is my new disposition.  
You're about to understand.  
Our theory is only obvious  
to the skeptical,  
and at the bitter end.  
You're staring at a white page  
and the print is plain to see.  
Now turn the page and read what's written.  
It's your history.  
Do you understand?

Chorus:  
The dream is over.  
You haven't slept in years.  
Don't be looking for answers.  
You're better following trails.  
The dream is over.  
You haven't slept in years.  
Don't be looking for answers.  
You're better following trails.

You're staring at a black screen.  
Your body starts to tense.  
When two plus two  
is five or less  
it's time to question common sense.  
Silence is a secret,  
a weapon in disguise.  
Listen to the silence. Open up your eyes.  
Do you understand?

Chorus

Bridge:  
Do you decide what  
you hear and believe?  
Tell me who makes  
your mind up for you.  
Do you believe what  
you see to be true?  
Can you tell me who

owns the truth?  
Who bought the truth?  
What is your disposition?

Here is my new disposition.  
You're about to understand.  
Our theory is only obvious to the skeptical  
and at the bitter end.
