Ever since we happened on a glance in Khyber's Caf ©  
I will always thank God for the chance He gave us that  
day  
Pleasant conversation on a break, a break from the  
band  
You were then and have always been a perfect  
gentleman

Chorus

You love me  
Nobody else would do it  
You hear me  
Nobody else would listen  
You see me  
Nobody else would notice  
I'm special in your life

Going to bed each evening with a dream of having a  
child  
Starting all our mornings with a kiss, a hug and a smile  
Sharing all our feelings with a friend, the good and the  
bad  
'Cause you're the very best friend that I've ever had!

(Repeat Chorus)

Bridge

I love you, I need you, oh so desperately  
I can't, can't live without you  
Take my hand, take my heart  
You're the man that I want  
Here I am    
You can have it all because

Chorus

You love me  
Nobody else would do it  
You hear me

Nobody else would listen  
You see me  
Nobody else would notice  
I'm special in your life
