How can we have peace in the Middle East  
When there's none at home?  
How can we have understanding in the land  
When there's none in the woman and there's none in  
the man?

How can we heal the wounds of the world  
If we cannot heal our own?  
And where does this peace on earth begin  
If not in the home?

Where do we go now?  
Do we let the devil win  
Or do we get up and fight?  
Surely we know how to conquer all our fear  
Bring an end to the violence  
Bring an end to the tears

How can we heal the wounds of the world  
If we cannot heal our own?  
And where does this peace on earth begin  
If not in the home?

Well, there's too much talk about it  
And too many walk without it  
Where is the love?  
Where is the God in your life?  
To my left a woman abuses her children  
To my right somebody's beating his wife  
Tell me, where is the love?  
Where is the God in your life?

How can we heal the wounds of the world  
If we cannot heal our own?  
And where does this peace on earth begin  
If not in the home?
