1st Verse

Boy, I've been watching you for so long
Oh, and I like what I see
I can't explain what makes you so
Attractive to me
It's something 'bout the way you wear your hair
And the scent of your cologne
Doesn't really matter what you wear
You don't need nothing on

Chorus

I've been waiting for you to be mine
Patiently waiting, mhmm for the right time

2nd Verse

I just can't wait to get to know you
For you feel like a friend
I can't ignore whatever it is that makes you so
Different from other men
Anticipating, any moment now
When you'll walk through that door
Into my home, my heart, my life
And it's just what I've been waiting for!

Chorus

I've been waiting for you to be mine
Patiently waiting, umhm for the right time
I've been waiting, waiting for you

Bridge

You'll be my knight in armor, and I'll be your queen
We'll be together, at last we'll share the dream
Nothin's gonna stop us now
Come let's begin right away, why not today?
Cause

Chorus

I've been waiting for you to be mine
Patiently waiting, umhm for the right time
I've been waiting, waiting for you
