If you see a pretty lady walking down the street
Will you remember me?
When a woman comes up to you looking good, talkin'
bout what she gonna do
Will you remember me?
Will you be tempted to compromise what we have
Or will you wanna make it last?
If you're tempted to jeopardize our relationship
Will you remember this?

Remember
Remember
Remember me?
Will you remember
Remember
Ooh, ooh remember me?

Don't you know that I love you, boy
And ain nothing in this world I wouldn't do for ya
I understand looking at other women is part of
being a man
I ain trying to cramp your style
I need to know who's in control
You or your desire?

When you see a situation coming up threatenin' a bring
us down
Will you remember me?
When a feeling comes over you, feelin'
good thinking about
What you gonna do will you remember me?
Will you remember the forever we said together
Remember when you said that to me?
Can you look at me in my eyes in a time gone by
And remember this?

Remember
Remember
Remember me?
Will you remember
Remember

Ooh, ooh remember me?

Don't you know that I love you, boy
And ain nothing in this world I wouldn't do for ya
I understand looking at other womenâ€¦ is part of
being a man
I ain trying to cramp your style
I need to know who's in control
You or your desireâ€¦
