I heard that she hurt you  
she broke your heart  
They said that you just  
broke down and cried  
I couldn't believe it, boy  
Cause you were the lover  
Casanova  
God's gift to this world  
And no one girl could ever tie you down  
At last the shoe is on the other foot  
And I know just what you've been going thru  
Cause I'm still here waiting for you!

With open arms  
I receive you  
Holdng my heart in my hands  
With open arms  
I will relieve you  
From every day in every way that I can  
With open arms  
With open arms

I know that you're lonely  
I'm lonely too  
And Lords knows I still really love you  
Cause you are the only  
the one and only man for me  
And I'm the woman that you need, yes  
A million tears would not change my mind  
You see, it doesn't matter what you do  
I'll be right here waiting for you!

With open arms  
I receive you  
Holdng my heart in my hands  
With open arms  
I will relieve you  
From every day in every way that I can  
With open arms  
With open arms
