[Verse 1]

Put in your quarter  
Now it's time for a slaughter  
I can move the joystick and watch him murder his  
daughter  
Psychopath Liu Kang, he'll leave you for dead  
But Mortal Kombat will let you cut off arms and legs  
and heads  
Now you's a killa, even if your enemy's bigger  
Fatality means you get to finish the nigga  
Playstation, watch for what you're facing  
But you can go play Sega  
But I'm gonna go get Raiden  
But you can go get Sonya Blade, she's a woman  
Ice cold nigga Sub Zero, now he's coming  
Psycho NIP, uhh game master, I'm lyrically insane  
There's some good and some evil in those video  
games

[Chorus x2:]

Put the quarter in, now you're on your way  
Push one player, then you start to play  
You must keep it real when you're tryin to win  
Game over nigga, you can play it again

[Verse 2]

See I'm the man that took control  
And I'm the one you'll be dealin with  
Every person that you kill, see you'll really be feelin it  
Healin quick, uh it's like you have a new life  
Perfectly in great condition, but there's a new knife  
Now it's adding, then you gon subtract one  
Then you go attack one, then you go collapse one  
Now you're shootin fire and ice, bullets servin em all  
I'll teach you how to play Psycho NIP and murder em all  
You gotta start from the bottom and rise to the top  
Fight hard with combinations, finish him with a glock  
Uh, game master, I'm lyrically insane  
You got some good and some evil in them video  
games

[Chorus x2]

[Verse 3]

Now it's a challenge, hopin that your ass ain't afraid  
On stage, front page, Johnny Cage had a gauge  
Move somethin, act bad, this game had a trigger  
(..?..) take no shit and didn't fall none of them niggas  
Hold em up, JB, funk psycho ass swing  
Enemies all perish from a Scorpion's sting  
Cuz I'ma Toys R Us kid, the psych ain't bumpin  
Everybody plays the game while they smokin on  
somethin  
Uh, go get your niggas, now you're feelin sorry  
Psycho NIP possess the souls of a thousand dead  
warriors  
Uh, game master, I'm lyrically insane  
You got some good and some evil in them video  
games

[Chorus x3]
