Dirty Bone
I am a sinner
Born with an original sin
Straight outa Pinner
With my bible and a glass of milk
And when I tell you that love is hard
You better believe it
Cos when I tell you that love is hard
Don't you know,
I'm saving it all for you
Take a ride
Straight to heaven on a dirty bone
Come alive
Straight to heaven on a dirty bone
You don't believe me
And I'm not sure I can prove
That it's true
But if you wanna receive it
Let the lord above come down on you
And when I tell you that love is hard
You better believe it
Cos when I tell you that love is hard
Don't you know,
I'm saving it all for you
Take a ride
Straight to heaven on a dirty bone
Come alive
Straight to heaven on a dirty bone
I met a girl called Joni
She dances like a pony
She's got a spider crawling
Down her back
And her lover dropped dead
Of a heart attack
At twenty one
Take a ride
Straight to heaven on a dirty bone
Come alive
Straight to heaven on a dirty bone
