I don't listen to the rain fallin'
I don't think about what might've been
I don't take out your pictures anymore
Or think about us back then

I don't wish the night would disappear
I don't listen to that song
I don't spend my time talkin' to Jesus
Asking Him what went wrong

I'm getting stronger everyday
I've changed in my own way
I'm not the girl I was
I wish you could see me now
I'm movin' on somehow
I just don't love you like before
Now I love you even more

I don't look for you on every corner
I don't wonder if you're gonna call
I don't have that same dream every night
The one where you come back again
'Cause I know the way it always ends

I'm getting stronger everyday
I've changed in my own way
I'm not the girl I was
I wish you could see me now
I'm movin' on somehow
I just don't love you like before
Now I love you even more

I'm getting stronger everyday
Or maybe I'm just getting used to the pain
Maybe I'm just lyin' to myself
I should be letting go of you
I shouldn't miss you like I do
I've cried so hard my heart is sore
And if I ever loved you before
Now I love you even more
