Gotta get outta bed
I gotta clear my head
Get up, get dressed,
pick up this mess I call my life
still gotta go to work
even if it hurts
that's it, you're gone
and life goes on
and it's almost more than I can take
my heart breaks.

Love is an empty shell
And I'm just not myself
Oh why did you have to fall outta love with me
Now, I gotta start all over
Oh but how do I start all over when I don't want to
What do I do with my life minus you?
Still gotta eat
Try to get some sleep
Reality's staring me right in the face
Girl you'll be fine
Just give it time
They mean well enough
But I just wish that they'd all shut up
'cause I can't breathe without you
Without you

Love is an empty shell
And I'm just not myself
Oh why did you have to fall outta love with me
Now, I gotta start all over
Oh but how do I start all over when I don't want to
What do I do with my life minus you?
Love is an empty shell
And I'm just not myself
Oh why did you have to fall outta love with me
Now, I gotta start all over
Oh but how do I start all over when I don't want to
What do I do with my life
Oh what do I do with my life minus you?
