It's so easy to be lonely in a love this big
Maybe I work too much to give you what I think you want
Especially when you feel like you're the only one who
gives
It don't take much for me, just a smile from you when I
come home
I miss you, I miss us
I don't know what else I can do
I don't know how to get through to you

Somebody's always gotta be mad
Somebody's always gotta be hurt
And somebody's always gone
Somebody's always making it hard
Thinkin' too much, going too far
What are we doing?
This isn't who we are

When was the last time you met me at the door with a
kiss
I don't feel pretty I don't feel like I still get to you
Of all the things you've got to do, where am I on your
list?
Maybe it's time I tried stirring you up with something
new
A new dress, a late night
Baby that's just a place to start
But we can't love this far apart.
Somebody's always gotta be mad
Somebody's always gotta be hurt
And somebody's always wrong
Somebody's always making it hard
Thinkin' too much, going too far
What are we doing?
This isn't who we are

We're not those people
The ones we used to talk about
The ones that just don't make it
The ones who never work it out

Somebody's always makin' it hard

Thinking too much, going too far
What are we doing? What are we doing?
This isn't who we are

This isn't who we are
Who we are
