Chorus: You're takin' all I got and now you're leaving
Uuh, Uuh, Huh, Baby don't go I thought love was
something to believe in Uuh, Uuh, Huh, Baby don't go I
see it in your face in your eyes - when you turn away
You think it's all a waste you're going today I won't
pretend I won't say it - won't hurt me bad Won't you try it
again what ever happened - to all what we had Chorus:
You're takin' all I got and now you're leaving Uuh, Uuh,
Huh, Baby don't go I thought love was something to
believe in Uuh, Uuh, Huh, Baby don't go Solo Bridge:
Don't fight, just hold me tight Everything is gonna work
out right I won't beg, but you heard what I said I need
you every day and night Chorus: You're takin' all I got and
now you're leaving Uuh, Uuh, Huh, Baby don't go I
thought love was something to believe in Uuh, Uuh,
Huh, Baby don't go And if you close the door I can't wish
you well anymore You really turned me on So don't
come running back cause I know you'll never see
Chorus: You're takin' all I got and now you're leaving
Uuh, Uuh, Huh, Baby don't go I thought love was
something to believe in Uuh, Uuh, Huh, Baby don't go
