Impatiently I'm waiting for  
The sun to burn  
Impatiently I'm waiting  
For this road to turn  
Impatiently I'm looking back  
And it's such a sin  
That patiently I've waited so long  
Stretched beyond my best intent  
I had my chances came and spent  
I am only here  
To watch the tide begin to turn  
And blame my confidants  
See the stone foundations burn  
To my irreverence  
I am only here  
For this moment..take it in  
Impatiently I've overlooked and I have underfed  
Impatiently I've lied awake regretting this

Impatiently I don't know where I should begin for

Patently I've waited so long for this moment...

Take it in feel the struggle feel the weight seen for  
what it is

There is no admissions no remorse

You know where this finished off

This is where it starts

Just take a second

Take your time with this.
