He makes his rounds  
At every bar he drinks till ten  
She used to wait up  
And watch him stumble through the door

She'd pick him up lead him down the hall  
Help him sleep off this alcohol  
All the while he'd stutter  
Out the words he thinks she wants to hear

And the message rings loud and clear

\*chorus\*-----  
Wait, don't cry  
I swear, i can settle down  
Wait, don't cry  
I swear, i can settle down  
\*chorus\*-----

But he drinks too much she's had enough  
This has to end  
She dries her eyes packs her bags  
And goes to call her only friend  
He bangs on window knowcks down the door  
In a drunken stupor calls her a whore  
She remembers she once fell in love with his voice  
But not anymore. no, she's not anymore

\*chorus\*

We all want to be safe  
Trying to figure this out  
Just what became  
Of our lives

When did we stop trying  
To make the best for our children  
One's on the way  
I bet you didn't know

\*chorus\* (2x)

All along she's been thinking  
We can be friends  
But i don't want to be  
Down that same road again

Won't you please let me go  
I don't want to be  
Tied to the last time  
We began to grow
