I hear those voices on the radio
I switched it off because she told me so
She's an investigator
She's like an elevator

Nobody told me we'd be all alone, you know
Somewhere my friend had left me
In that red light zone, you know
She said, I've seen your deepest secrets now
They're just as lightning in the look of your eyes

I said, I want you baby, I said, I want some more
I said, I never ever felt it like that moment before
She's an assassin, she's melting steel in my heart
But I long for more

She said, I want your body, she said, I want your soul
She said, a fallen angel takes it but she'll never let go
She's an invader, she's from another world
But I beg for more and more

She's raising feelings cutting like a knife
She's pouring fire into my liquid life
There's no escaping from her mysteries
She gives me kisses of the strangest kind

She says, I know you'll like it, so come over here
She says and let that rhythm filter through your body,
dear
And then she, she always did it and she always will
She'll stay that hunter till the end of time

I said, I want you baby, I said, I want some more
I said, I never ever felt it like that moment before
She's an assassin, she's melting steel in my heart
But I long for more

She said, I want your body, she said, I want your soul
She said, a fallen angel takes it but she'll never let go
She's an invader, she's from another world
But I beg for more and more

I said, I want you baby, I said, I want some more
I said, I never ever felt it like that moment before
She's an assassin, she's melting steel in my heart

In my heart
In my heart
In my heart
