You know that love's the answer  
The greatest ruling force  
That carries you forever beyond the farthest cause  
Oh, will we ever learn the lessons of the world  
Instead repeating history without a care how much we  
hurt  
Sometimes it seems that we will never ever understand

The things we got to do  
Dance like no-one is watching  
Love like you'll never be hurt  
The things we got to do

Sing like no-one is listening  
And live like it's your last day on Earth  
The things we got to do

If nothing lasts forever that doesn't mean it's cheap  
It's only the beginning of something rather deep  
We're trying to survive, we're always on the run  
The sky's in ever blue but the sun is long, long gone  
A stranger at the corner pretending to be me  
Could it really be?
