you gave me strength, you pushed the blades away  
from me  
oh how we dreamt to change the world  
and we would never give in, no matter what they say  
a really cool connection in a cruel world  
you led me through the nights - and through the  
hardest fights  
we dreamt we'd be the ones - and we would never lose  
you made me speechless - and fearless - yet it made  
you fearless too  
oh how we dreamt to be so fearless - no matter what  
they do  
i don't know where you are now - we shared a dream of  
being together  
you led me to the light, yeah - for this i would like to  
thank you forever  
moonboy...  
you've been around, a distant star, you've seen them  
come and go  
those unknown chaps without a slightest chance  
i know, all without faith are liars even when they're  
dreaming  
i'd even put my faith in god if he knew how to dance  
our minds are filled with crazy dreams - they seem to  
be unreachable  
but if you give them up they stay - till someone else  
takes them away  
i met you in this hotel hall - oh nino, ain't it hard  
not to be understood  
but all you said was: hey, i just wanna sing (like an  
angel)  
i don't know where you are now - we shared a dream of  
being together  
you led me to the light, yeah - for this i would like to  
thank you forever  
moonboy...  
i don't know where you are now - you come and go  
whenever you like..  
just believe in your powers - you might find out you're  
invincible...  
no matter what they say...
