HATE, LUST, SOUL, RAGE

You're so full of hate, You're so full of lust
You're so full of soul, You're so full of rage

SPIRIT OF THE AGE

Here comes the voodoo king, here comes a powerful
man

My face on every frontpage, my plans for everyone

I reason your existence, that is what I want to be

Your whore and your messiah if you believe in me

I'm not a true creator, I'm just a cheap reflection

I'm the impersonator of anyone's conception

But if you read my lips just on your own behalf

I'll be a remedy not just an epitaph

You're so full of hate, you need a vacation

So full of lust, you need liberation

You need damnation, you need salvation

You're so full of hate

Spirit of the age

Here comes the new religion of everything you are

My sword is your conviction, my voice your media

I'm here to justify you, that's what I want to do

I don't believe in visions but I believe in you

Here comes the voodoo king, here comes a powerful
man

My face on every frontpage, my plans for everyone

I'm here to satisfy you, that's what I want to be

Your whore and your messiah if you believe in me

You're so full of crime, you wipe out a nation

So full of sex, you're a sensation

You need damnation, you need salvation

You'r so full of fear

You're so full of hate, you need a vacation

So full of lust, you need liberation

You need damnation, you need salvation

You're so full of hate

Spirit of the age....
