hey mrs fields, why do you look so sad  
is the whole world gone mad or is it still a strawberry-  
cake  
how i wish to kiss your sweet, sweet lips  
to share your blissfulness  
it made me feel like floating on a cloud  
im talking to you soon  
theres so much left to say  
on a crystal winters day...  
and the snowflakes outside show a million ways  
show a million days in their dance  
and the wind blows them on and carries them away  
into anywhere from moment to moment  
hey mrs grey, tell me what would you say  
if i turned on the sun and poured all the colours down  
on you  
would you smile and say its alright  
i can see the light at the end of the tunnel  
and then wed face the sky, sitting side by side  
going very far to a distant star...  
and the snowflakes outside...  
i can tell by the sound of your voice  
and i can tell by the look of your eyes  
there must be something goin wrong in your life  
but please, please believe me, baby, im by your side  
theres so much left to do, so much left to say in a  
million ways  
theres so much to be seen, so much to be touched, so  
much to be loved  
take my hand and come out to play ..  
theres so much left to do  
for me and for you...  
theres so much to be loved  
please, come back  
dont walk into the dark  
hey mrs fields, why do you look so sad  
is the whole world gone mad or is it still a strawberry-  
cake  
how i wish to kiss your sweet, sweet lips  
to share your blissfulness  
it made me feel like living anew  
im talking to you soon

theres so much to be done  
when the winters gone...  
and the snowflakes outside...  
theres so much left to do, so much left to say in a  
million ways  
theres so much to be seen, so much to be touched, so  
much to be loved  
take my hand and come out to play...-acap
