How is it so easy to slip away?
Slip away from Your grasp.
At the end of the day,
I realize I've slipped from your clasp.
I know you're always there,
I can feel You hold me tight.
It's so hard for me to bear,
How it doesn't feel right.
I'm slipping, I'm slipping away.

Why do I always slip,
Right as I get to the top?
I finally get close,
But then I slip once again.
I try to keep loving You,
But Satan's oh so tempting.
So why are You silent,
When he is so loud?
I need You, I need You,
cause I'm slipping.

During the day,
I can feel Your presence.
But then I fall time and time again.
The pressure, it builds and it builds,
Until I can handle it no more.
That is the time,
When I slip, I slip more and more each time.

Why do I always slip,
Right as I get to the top?
I finally get close,
But then I slip once again.
I try to keep loving You,
But Satan's oh so tempting.
So why are You silent,
When he is so loud?
I need You, I need You,
cause I'm slipping.

Why are You so silent,

When he is so loud?
I need You, I need You,
cause I'm slipping.
cause I'm slipping.
