Woo
Oh yes, yeah.

I'm changin' lanes, I'm talkin' on the phone
I'm drivin' way too fast
And the interstate's jammed with
Gunnars like me afraid of comin' in last
But somewhere in the race we run
We're comin' undone.

Days go by
I can feel 'em flying
Like a hand out the window in the wind as the cars go
by
Yeah, it's all we've been given
So you better start livin' right now
'Cause days go by.

Woo hoo

Out on the roof just the other night
I watched the world flash by
Headlights, taillights runnin' through a river of neon
signs
But somewhere in the rush I felt
We're losin' ourselves.

Days go by
I can feel 'em flying
Like a hand out the window in the wind as the cars go
by
Yeah, it's all we've been given
So you better start livin' right now
'Cause days go by.

Well, yoo hoo.
Yeah, days go by.
Yoo hoo.

We think about tomorrow, then it slips away
We talk about forever but we've only got today.

And the days go by
I can feel 'em flying
Like a hand out the window
As the cars go by
Yeah, it's all we've been given
So you'd better start livin'
You, better start living
Better start livin' right now.

These days go by
I can feel 'em flying
Like a hand out the window in the wind
As the cars go by
Yeah, it's all we've been given
So you'd better start livin' right now
As the days go by.

Yoo hoo.

Yeah the days go by.

Yoo hoo.

So take 'em by the hand
They're yours and mine
Take 'em by the hand
And live your life

Take 'em by the hand
Don't let 'em all fly by
Come on, come on now

Come on.

Yoo hoo.

Don't you know the days go by...
