Last night I swore
I was doing much better
Last night I dreamt that I was wearing this sweater
It was my favourite one and I wore it all the time
But you threw it out just like this heart of mine
I'm down up, I'm up and down
You tied me up and dragged me all threw town
'Cause good love is hard to find
But you would sell it just to buy some time

I don't believe you anymore
I don't believe you anymore
You just go with the flow till you think there's a
Better way
I don't believe you anymore

So go on, and hurt another one
You go on, kid the moon and the Sun
You go on, having endless fun
You laugh and do it then you cry that it's done

I don't believe you anymore
I don't believe you anymore
You just go with the flow till you think there's a
Better way
I don't believe you anymore

Oh I don't believe you anymore
I don't believe you anymore
You just go with the flow till you think there's a
Better way
I don't believe you anymore
