Cold places

Empty faces stare at me
In my dreams

I see them looking
The things that haunted

Scaring me with my past

I wonder if I'll make it

I wonder how this could be

Will I ever get out of here

Will I ever be set free

I know your name in life

Help me speak it in my dreams

In my, in my dreams (You are always with me) in my, in
my dreams

They're coming to get me

Oh there's no where to hide

Then You show and reveal Your power to me

Shadow's break then

I've learned quickly

All your power to see

Comes to life when I speak your name

All the demons they flee

I know your name in life

Help me speak it in my dreams

In my, in my dreams...
