In every Mothers nightmare  
Do you know my name  
All I want is your children  
They're all mine  
They are mine  
They're little toys for me

I come for your children  
Come to take them away  
I laugh at thier sorrow  
And the things they will say  
Better lock up your window  
Better lock all your doors  
Cause I am the neighbor  
And live next door

My name is "Stanger Danger"  
But you know me well  
Better teach your children  
Stay away keep away  
Never talk to me

I come for your children  
Come to take them away  
I laugh at thier sorrow  
And the things they will say  
Better lock up your window  
Better lock all your doors  
Cause I am the neighbor  
And live next door  
(milk and cookies...)  
I come for your children  
Come to take them away  
I laugh at thier sorrow  
And the things they will say  
Better lock up your window  
Better lock all your doors  
Cause I am the neighbor  
And live next door

I have your treat here  
Milk and cookies!

(I come for your... children)  
(hey kids come play for awhile)

I come for your children  
Come to take them away  
I laugh at thier sorrow  
And the things they will say  
Better lock up your window  
Better lock all your doors  
Cause I am the neighbor  
And live next door...
