Stay alone love, mommy's going away tonight  
Leave the light in the hallway on when you are  
frightened  
And try not to be sad. There's water by the bed  
Say goodnight love, 'cause daddy's going away tonight  
Don't you worry, I promise I'll be home on time You'll be  
fine love. Doggy's there so you won't be alone You're a  
big girl. We'll be back before you know  
And please try not to scream, 'cause it's not all bad you  
see  
I'm begging you, please don't go  
I'm scared alone mom you should know  
I'm scared of dreaming on my own  
I'm begging you mom please don't turn the lights down  
low  
See you soon love. We'll be home around 11.00  
When you're hungry, there's some dinner in the oven  
And when you're sad or alone, the number's by the  
phone  
And please try not to scream. When it's only a, it's only  
a bad dream  
Chorus
