They say that I'm a dreamer  
But what else am I to do  
When dreaming is the only  
way I can be with you  
And when I wish upon a star make it come true  
if only for a second or two

Another christmas, another empty house  
Another reason there is no Santa Claus

May all your christmases be white though mine are blue  
It's just another christmas without you

So let them sing their carols and dance around the  
trees  
And let them all be marry but they won't marry me  
And when I wish upon a star make it come true  
If only for a second or two

Another christmas, another empty house  
Another reason there is no Santa Claus

May all your christmases be white though mine stay  
blue  
It's just another christmas without you  
Just another christmas without you  
Without you  
It's just another christmas without you
