Blow your tears into my face  
Sadness is for later days  
My angel  
And don't be sad my little one  
Life has only just begun

I'd be gladly in your shoes  
Couldn't believe i'd sing the blues  
For you

Don't have to run,  
Don't have to hide  
Someone's outside  
And he's waiting, (it'll be?)

So blow your tears into my face  
Sadness is for later days  
And everytime i look at you  
I believe this world 's for you  
Yeah

The sound of moonlight you can hear  
The song the trees are singing too  
Oh yeah they're for you

You don't have to run  
You don't have to hide  
Someone's outside  
And he's waiting

So what can i, do to make you happy  
When the words don't do the trick  
Being silent when you're crying isn't me

So what can I do, to make you happy  
When the words don't mean a thing  
Being silent when you're crying isn't me  
It never be me (2x)

So blow tears into my face  
Sadness is for later days  
My angel

And don't be sad my little one  
Life has only just begun

Don't have to run,  
Don't have to hide  
Someone's outside  
And he's waiting, (it'll be?)
