Radford- How does it feel

Feelings I need, they don't matter  
You're just a breath away, from me  
Seeing we play, doesn't change things  
Still the crime scene, we made

I've got angels crashing over my head  
They're crying for the things you've said  
So, how does it feel, to feel?  
So, how does it feel, to feel?

City we breathe, isn't changing  
We're just a step away, from home.  
Laughter we need, doesn't matter  
If you don't find yourself, leading your own

I've got angels crashing over my head  
They're crying for the things you've said  
So how does it feel, to feel?  
How does it feel, to feel?

Cause I don't wanna come down  
I know it's probably to late  
To fade... don't you want to give in?  
This time it's ok

To Feel?  
To Feel?  
To Feel?  
To Feel?

Na na na na na na na na na na na na

To Feel?  
To Feel?

I've got angels crashing over my head  
They keep crying for the things you've said...  
Now that you're gone
