My Inner War

Sometimes I get a little sad inside
Always when I see the rain like tears
They fall on my pride
Open the wounds cause this pain
I watch them falling on and on and on...
Just to splash on the ground they fall
Like soldiers on the battelfield
Unknown and lonely they are bound
Bound to keep the magic dancing on some memories
Fool for life they have one goal
Just to splash...
On the ground they fall
Like soldiers on the battelfield
And so do I
My inner war
Keeps me down
My inner war keeps me down
My inner war and so do I
I always when I see the - always when I see the rain
