She walks in and says: "Come on, let's have it"  
Brings out the worst that you can be  
It's a good day for a bad habit  
And don't you dare to disagree  
She likes the surf along  
Cheap bastard thinks he's something groovy  
Straight down from church, you wanna bet?  
She'll play him like some kind of movie  
Then smokes the last of his cigarettes

She's got no mercy for the soldiers  
No mercy for the king  
No mercy for the soldiers  
No mercy for the king  
No mercy for the soldiers  
No mercy for no king  
No mercy for no king

She picks his heart like it's a pocket  
She wears her hair like it's a crown  
She sees straight through all his cool poses  
She'll hold the leash. Good dog, stay down

She's got no mercy for the soldiers

No mercy for the king  
No mercy for the soldiers  
No mercy for the king  
No mercy for the soldiers  
No mercy for the king  
No mercy for the king

Wow, there won't be any mercy  
Not unless you've got a diamond ring  
Oh no there won't be no 'excuse me'  
No mercy for the king of everything

No mercy for the soldiers  
No mercy for the king  
no mercy for the soldiers  
No mercy for the king  
No mercy for no soldiers

No mercy for no king  
No mercy, oh no mercy

No mercy for the soldiers  
No mercy for the soldiers  
No mercy for the soldiers  
No mercy for no king  
No mercy for no king
