He's caught inside the bank
Thinks about his children and family.
He has worked very hard for it
Now he's got only this summary left.
The temperature rises, he lies flat on the ground
His thoughts fly around through endless space.
He smiles and cries, he lives and dies,
He's a mouse and caught in a maze
He runs and tries to escape from the hand which is
reaching for his neck.
He feels warm fingers carefully crawling 'long his back
He stops to run and feels save
He's waiting to kiss his hand, but what he doesn't know
is:
He's already a part of the secret list
Sometimes the nightmares wake him up
And they remind him of his mission.
His life might still be the same,
But now he always has to listen.
He always says he knows the facts
Inside the machine is a failure to protect
If it is broken - Jesus Christ!!! -
He would shout out the secret lies
