Start a war with all your friends
Kick 'em down the street
That's the way to treat your friends
That's a friend indeed

Start a war to spread your name
Start a war to gain fame
Start a war by wanting more
More than just one war

I might be wrong, I might be insane
I might be fooling myself I can win
I might be biting my nails
While I'm biting the dust
But I won't dance for daddy
Don't dance for daddy

Start a war by playing games
Start a war by leaving
Start a war by shifting the blame
Start a war just being

I might be wrong, I might be insane
I might be fooling myself I can win
I might be biting my nails
While I'm biting the dust
But I don't dance for...

Hell no, you'll end up losing each other
While we're living on dead end street
Hell no, you'll end up shooting your brother
While we live on dead end street
Hell no, stick up for each other
Hell no, we're so alike the other
Hell no, cause you're my brother, brother
We all live on dead end street

Start a war by being born
Start a war by praying
Start a war because you're bored
Start a war by staying

Start a war as a cover machine
Start a war 'cause of visions or dreams
Start a war with the gun of your pa pa pa
Blow the class to smithereens

Hell no, you'll end up losing each other
While we're living on dead end street
Hell no, you'll end up shooting your brother
While we live on dead end street
Hell no, stick up for each other
Hell no, we're so alike the other
Hell no, cause you're my brother, brother
While we live on dead end street
Dead end street
Dead end street
Dead end street
