"Stay"

I'm on a rocket ship, to a mother ship
I'm flying solo
but I don't know if I can stop
don't ask me why, don't make me lie
just sit back, just get back and enjoy the ride

cause I'm a spaceman
and I'm living in a world, that sucks me in
but can't spit me out

stay with me, stay with me tonight
stay with me, stay with me
tomorrow is just another day
and I don't know if I can make it
all the way home

I need correction, I need direction again
and my windows are too dirty to see through
don't ask me why, don't make me lie
just get back, just sit back
and enjoy the ride

cause I'm a spaceman
and I'm living in a world, that sucks me in
but can't spit me out

stay with me, stay with me tonight
stay with me, stay with me
tomorrow is just another day
and I don't know if I can make it
all the way home

if you smack me, you'll crack me
reduce me to tears
if you thrill me, you'll kill me
you'll bury me alive

stay with me, stay with me tonight
stay with me, stay with me
tomorrow is just another day
stay with me, stay with me tonight

stay with me, stay with me
tomorrow is just another day
I don't think that I'm coming down
and I don't think that I can make it
all the way home

I just want to get it
just want to take it all home

I just want to get it
just want to take it all home
