Catch me if you can
Is nothing ever what it seems?
Medicate my world
And everything in between
So much for the time that we spent
In my head
So much for the life that you told
Me to get

Cause I don't need you
To tell me who I am
I don't need you
To pick at every strand
I don't need you
To open any doors
I just need you to catch me if I fall

Break me if you can
But promise me you'll never tell
As soon as I can stand
I'm kicking off your private spell
So much for the time that we spent
In my head
So much for the life thay you told
Me to get

Cause I don't need you
To tell me who I am
I don't need you
To pick at every strand
I don't need you
To open any doors
I just need you to catch me if I fall

Help me save myself
And promise me you won't let go

So much for the time that we spent
In my head
So much for the life that you told
Me to get

Cause I don't need you
To tell me who I am
I don't need you
To pick at every strand
I don't need you
I don't need you
To tell me who I am
I don't need you
To pick at every strand
I don't need you
To open any doors
I just need you to catch me if I fall

To catch me if I fall
