You cover your eyes if you can't stand the sight
Walk away
You cover your ears, so you don't have to hear
Walk away
You cover your nightmares,
You put them away
'Cause if nobody knows them,
They might go away
Walk away
Walk away
Walk away
Without me

You cover your lies with stories and smiles
Walk away
You're scared of what to find
So you just run and hide
Run away
If you play with a gun then you will shoot someone
When you sit in the fire, it's your ass getting warm
Walk away
Walk away
Walk away
Without me
Without me
Without me
Without me

Why do you yell
You can whisper as well
Walk away
These teardrops of rain are masking your shame
Walk away
This midsummer storm
You see a midsummer fight
Put your head in the sand, if you can't make it right
Walk away
Walk away
Walk away
Without me
