Ridin' after midnight
Rockin' in the streets
An' these girls make me warm
Make me hot, give me lust
Now let's get started

1, 2, 3 let's shot
Drink me down one time
Aint lookin' for a romance
I just wanna spend the night

Oh - it's nightlife baby
Oh - n' I got one request

Will you kiss me, kiss me after midnight
Kiss me, touch me, love me just one time

Grab my boots n' bottle
Now we're heading out
Guitars n' lipstick ready
We're ready to rock n' roll

1, 2, 3 let's shot
Drink me down one time
Partyin' all day
With Gasoline Stars

Oh - it's nightlife baby
Oh - n' I got one request

Will you kiss me, kiss me after midnight
Kiss me, touch me, love me just one time
Will you kiss me, kiss me after midnight
You make me show my animal attraction
