INTRO:

Too late Too Late

VERSE

I don't want to hear your voice again
Telling me this isn't how it should end
You should have thought of that before today
Coz time has a way of sayin' things you never say

Like why, did ya spend your time playing these
Games never look me in the EYE
Now it's too late this game is over

PRE CHORUS:

So don't even try to smooth this over
It ain't gonna work tonight.
So don't even try to win me over
It ain't gonna work tonight

CHORUS:

Too late - you're out of time
Go be somebody else, coz you'll never be mine
Too late - you're outta line
You never had a feeling, you're just stealing mine
Too late - I'm gonna be fine
Can't wait for what's ahead while you're stuck behind
Too late - you're out of time
Go be somebody else, coz you'll never be mine.

Too Late. Too Late.

I don't want to see your face again
Faking those smiles every weekend
Never once telling me where ya been
Trusting you girl (haha) where do I begin

Why did ya spend your time playing these
Games never look me in the EYE
Now it's too late this game is over

PRE CHORUS:

So don't even try to smooth this over
It ain't gonna work tonight.
So don't even try to win me over...
It ain't gonna work tonight.

CHORUS:

Too late - you're out of time
Go be somebody else, coz you'll never be mine
Too late - you're outta line
You never had a feeling, you're just stealing mine
Too late - I'm gonna be fine
Can't wait for what's ahead while you're stuck behind
Too late - you're out of time
Go be somebody else, coz you'll never be mine.

BRIDGE:

And there you go again...
You try to tell me your sorry.

And there you go again
Tell me that it wasn't your fault.

Why - are you wasting you time (now baby)
Why - should I believe you've changed (now honey)
Why - do you play me for a fool... don't you know it's...

CHORUS:

Too late - you're out of time
Go be somebody else, coz you'll never be mine
Too late - you're outta line
You never had a feeling, you're just stealing mine
Too late - I'm gonna be fine
Can't wait for what's ahead while you're stuck behind
Too late - you're out of time
Go be somebody else, coz you'll never be mine.

Too Late.
