[Gothic Rain]

She sold her soul today  
I feel it slip away  
I can't believe she's gone  
God, how long did it take  
It's raining, my lover, in my heart (come home)

My mind starts feeding on itself  
As I die awake at night  
Her smile, wiped away by suffering  
And she knows but now she's finally free  
And though she's gone, she still holds,  
The black rose

Cat's in the cradle, the dog's on dope  
Salvation's burning scream caught in your throat

Please this woman she craves  
Jesus love her, forgive her, her pain

I know when you're watching me  
I see your face in my dreams  
I feel your body on me  
I couldn't bring myself to turn away  
I taste your sweet dark perfume  
How could I help you be free

Set you free you burned for me  
Set you free only you can  
Set you free set you free you burned  
Set you free

Set you free you burned for me  
Set you free only you can  
Set you free set you free you burned  
Set you free

Was all this real or just a wicked dream  
You were my only last hope  
It wasn't right that I should live forever  
Why did you go why did you leave me here

I'm sorry please let me go  
Now that you're gone I wish I could be with you  
I feel you I need you I love you too

Immortal soldier lost lust for the night  
Nocturnal queen of blood bow to the light

Please this woman she craves  
Jesus love her protect her from pain

I know when you're watching me  
I see your face in my dreams  
I feel your body on me  
I couldn't bring myself to turn away  
I taste your sweet dark perfume  
How could I help you be free

Set you free you burned for me  
Set you free only you can  
Set you free set you free you burned  
Set you free

It's raining in my heart  
It's raining in my soul  
It's raining in my heart  
It's raining in my soul  
It's raining in my heart  
It's raining in my soul  
It's raining in my heart  
It's raining in my soul  
It's raining in my heart  
It's raining in my soul  
It's raining in my heart  
It's raining in my soul.....

[Queen Of Autumn]

It happened not so long ago  
My invitation to the darkest dance (of them all)

I met her in a smoke-filled room one night  
There were colored lights and dancing all around  
My heartbeat racing to the frantic sounds

She held a glass of red wine in her hand  
Her long black hair brushed gently  
on her smooth ivory skin  
She looked at me and smiled that's when it began  
Beautiful and surreal  
So beautiful  
She's mine

Sweet woman you were the one  
who set my soul afire  
You felt so sure that you had known me  
for so many years  
I fell in love with the idea of her  
in my arms in my arms

Autumn my autumn my queen of autumn's gone  
She'll spit the rancid taste of life  
right from her mouth  
Autumn my autumn my queen of autumn's gone  
Dance of damnation candlelight burning like stars

Her laughter flowed like wine  
Her lust was far beyond crime

How could she love me  
How could she see as her saviour bloody saviour  
I was her rapture dressed in black  
And when I think alone I'm still thinking of her

Autumn my autumn my queen of autumn's gone  
She'll spit the rancid taste of life  
right from her mouth  
Autumn my autumn my queen of autumn's gone  
Dance of damnation candlelight burning like stars

The falling leaves spin thru the autumn air  
Tell me is something wrong  
The moon was full as shadows stood their ground  
I cannot go on without you  
I watched her crying red liquid tears  
She whispered to me softly in my ear  
'Please come with me'  
Those pale blue eyes were piercing thru my soul  
One kiss and then we'll be forever  
I've fallen from her sweet embrace I'm sorry  
My dear I'm sorry I cannot go

Autumn my autumn my queen of autumn's gone  
She'll spit the rancid taste of blood  
right from your throat  
Autumn my autumn my queen of autumn's gone  
Dance of damnation candlelight burning like stars  
Autumn my autumn my queen of autumn's gone  
Dance of damnation candlelight burning like stars

You'll find the way that you deserve  
Just hope and pray it's who you serve  
You'll find the way that you deserve

Just hope and pray it's who you serve  
You find the way  
Pray it's who you serve.....

[Sorrow's Thorn]

She wants to be free  
Alone she stares out her window  
She'll kiss sunrise  
Relieved yet torn apart inside  
Her teardrops saok  
The waning autumn the waning autumn night

Tonight disaster finds a friend  
Twilight peaking  
The end as it shall be

Rain the rain's gone away  
To the shadows of my heart  
Rain the rain's gone away  
And every where I look I see your face  
And it's just not the same without you

A lover to the sun  
The burning has been done  
The leaves are dead and dry  
But the smell of autumn...  
...we'll burn the summer sky

Rain the rain's gone away  
To the shadows of my heart  
Rain the rain's gone away  
And every where I look I see your face  
And it's just not the same  
Rain the rain's gone away  
To the shadows of my heart  
Rain the rain's gone away  
Don't take me there  
Don't take me there  
Don't take me there with you.....

Rain the rain's gone away  
For the morning's sunlit rays  
Rain I've prayed for the rain  
Since you've been gone I have prayed  
Rain the rain's gone away  
I've prayed and I've prayed and I've prayed  
I've prayed  
Rain the rain's gone away  
There's nothing left for you  
I dream in black and white

So full of emptiness...my world
